

Annie Agha, M.D.

I completed my psychiatry residency training at Temple University in Philadelphia, PA in 2017 and began private practice in Huntsville, AL the same year. Additionally, I trained in psychodynamic psychotherapy at the Psychoanalytic Center of Philadelphia. My practice offers an approach that combines both psychopharmacology and psychodynamic psychotherapy. I am relatively conservative in the use of medication and prefer engaging patients' use of insight to help relieve them of their symptoms and mental anguish. I am available to help my peers in the community.
